

Sprint Planning Meeting

PA3

Group ID: Group 11

Project Name: Wordhaven Books

Prepared by: Trương Tấn Phong

Date: 2/12/2023

Time: 20:00 PM

1. Identify and Prioritize Tasks/User Stories:

Having finished the front-end development, our team is now focused on acquiring back-end development skills since the majority of them are new to web programming. During the next sprint, we aim to learn and apply back-end development concepts concurrently. Recognizing that individuals have varying self-learning paces, we will not impose a rigid deadline for this endeavor.
